PROTECTING CHILDREN, EMPOWERING YOUTH, STRENGTHENING FAMILIES.
“Life without affection is meaningless and affection comes from your support system. I think what Arizona’s Children Association does is very, very great. Because foster kids are a stigmatized group in society. Society often doesn’t know about them and when people get licensed and learn more about the system and how it actually works, they’re more open to doing programs through AzCA. So it’s a matter of getting educated and stepping forward and seeing past what we perceive things to be. It’s really a wonderful agency that has provided, not only things for my family, but I know for many other families who are also in need.” — Samantha, Former Foster Youth

“Having a Behavior Coach working closely with my child has been very helpful. He has taught my child strategies for dealing with frustrations and social challenges, as well as helped us learn better ways to interact with our son. We’re working hard to be more positive and understand that there are reasons for his behavior.” — Anonymous, Behavioral Health Client

“[My grandma] got her foster license and now she’s been fostering me. I’ve had help from the young adult program. My case worker, she is the best. Anything I can ask for she gets done. They’ve helped me make decisions to keep me where I’m at and keep me healthy and safe. Without Arizona’s Children Association, I’d probably be thinking about what I’m going to do next. I didn’t necessarily know what I wanted to do or how I wanted to do it yet before I got involved with them. They set up a structured path for me and also provided me with the resources to do so.” — David, Young Adult Services

“If I hadn’t gotten the support from my family, from Arizona’s Children Association, from anyone who has ever helped support me in my life up until this point, I can honestly say, I don’t think I’d be here right now. I would either be doing drugs on the street. Or I would be dead.” — Celena, Former Foster Youth

“This program is incredible and has helped me be a better parent. My educator has helped me understand where my daughter is developmentally. It has allowed me to be more patient and connect with her when she’s upset, as well as how to work through sibling rivalry.” — Parents as Teachers Participant
