

Sponsorship Opportunity

Arizona's Children Association (AzCA) serves parents and caregivers of all types—first-time parents, teen parents, foster and adoptive parents, kinship and relative caregivers, at-risk families or those who may have had their children removed, as well as experienced parents who just want to be the best parent they can be.

AzCA is also the only statewide contracted provider of services for young adults who are aging out of the foster care system in Arizona. For many of these youth, we are the only connection they have to housing, employment, food, clothing, physical and behavioral healthcare, and financial support. We continue to provide resources and social supports for this vulnerable population, but our operating budget can only go so far as this global pandemic has forced us to stretch our already tight finances.

Our children and families are particularly hit hard by recent events. While the public is stocking up on essentials, many of our clients don't have the means or ability to do so. Most live on fixed incomes and often face limited financial resources. Many have seen a drop in income as businesses have shut their doors and cut hours. In times of crisis and uncertainty, like COVID-19, one unforeseen incident can leave them jobless, facing eviction, without childcare, and even hungry.

Our youth and families are turning to us daily with requests for basic needs—formula, educational supplies, help with utility bills, and more. Our ability to fulfill the increase in requests for aid is imperative to their survival.

We can't do this alone.

Emergency aid from the community will allow us to continue to provide our programs and services, while also fulfilling these ongoing and urgent requests to help them get through this very difficult time. **Please consider partnering with our programs to assist these youth and families in our community.**
